The information provided should be sufficient for distributors in the chain to understand the value of the product, the intended target market and those to whom the product should not be marketed. Other information should be included (if relevant) to advise distributors of how their known or expected actions might affect the value of the product.</i>
Product information
<p>Product Oversight</p> <p>This product has been subject to the Starr's Product Oversight and Governance (POG) process and has been reviewed and signed off by Starr's Product Oversight Group as representing fair value to customers. This is in light of a review of the following:</p> <ul style="list-style-type: none"> - Nature of the product and the coverage provided - Cancellation data - Claims volumes, declination rates and average claims pay out - Loss ratios - Customer feedback including complaint volumes and root cause analysis - Pricing model and the total acquisition costs including commissions and other remuneration - Reasonableness of any admin and/or cancellation fees - Suitability of the distribution strategy <p>What do we cover?</p> <p>This insurance provides cover for the insured's potential liability to others arising from the use of their UAS recreationally. Cover will only be provided for the sections selected and paid for:</p> <p>Section One – Accidental Physical Loss of or Damage to UAS or Airborne Equipment</p> <ul style="list-style-type: none"> - Starr will pay for accidental physical loss of or damage to the UAS and/or Airborne Equipment up to the limit stated in the Policy Schedule occurring during the Period of Insurance whilst in Flight/Flying, on the Ground or whilst being Transported. - Starr will, in addition, pay any reasonable expenses incurred for the purpose of attempted or actual removal, disposal or destruction of the wreck of an UAV up to the amount stated in the Policy Schedule. - Starr will at the request of the Insured and regardless of the Insured's legal liability, offer reasonable settlement in respect of loss of or damage to crops and/or other property caused by trespassers following a crash of the UAV up to the amount stated in the Policy Schedule.

<p>Section Two – Legal Liability to Third Party</p> <ul style="list-style-type: none"> - Your liability for Bodily Injury and/or Property Damage to third parties including whilst using vehicles airside, liability for damage to third party property whilst on the ground and being serviced, handled or maintained by you and liability arising out of the Products Hazard as defined in the Policy wording. - Invasion of Privacy - Data Liability Event <p>caused by an Occurrence and arising from your UAS business operations</p> <p>What is the Product Duration? Customers have a range of options when buying a policy, from a one day policy to an annual policy. This gives the customer full flexibility.</p> <p>How are Claims Handled? Claims are handled by Coverdrone via Delegated Claims Handling Authority. Service Level Agreements (SLA's) are in place and the Binding Authority contract clearly lays out authority levels and MI reporting requirements. These measures, in addition to a regular audit programme and MI analysis, ensure a good claims service is maintained for customers.</p> <p>How are complaints handled? Complaints can be handled by Starr or Coverdrone via Delegated Complaints Handling Authority. SLA's are in place and the binding authority contract clearly lays out authority levels and time scales. Regular analysis of all complaints received ensure Starr can identify any necessary policy changes to ensure fair customer value is maintained over time.</p>
<p>Target market</p> <p>What are the Customer types & Locations? This product is designed to offer protection to customers in respect of damage to their UAS or ground equipment and to protect them from liability claims arising out of property/bodily injury to third parties.</p> <p>The target market is commercial operators who need coverage to be compliant with their local regulations.</p> <p>The product can be made available to customers domiciled in UK, Falkland Islands, Guernsey, Isle of Man, Jersey, EU, Canada, Australia and New Zealand.</p> <p>Geographical territorial limits and exclusions are outlined within the IPID and Policy wording.</p>
<p>Any types of Customer for whom the Product would be unsuitable?</p> <p>The product is suitable for a wide range of UAS owners/operators however it is not suitable for Operators with UAS's in excess of 500kg in weight.</p> <p>It is also unsuitable for large military / surveillance drones or underwater drones.</p>
<p>Any notable Exclusions or circumstances where the Product will not respond?</p> <p>Exclusions may include losses arising from:</p> <p>Section One</p> <ul style="list-style-type: none"> - For any wear and tear, deterioration, depreciation, freezing, breakdown, defect or failure howsoever caused in the UAS and/or Airborne Equipment.
